

Geography

Our main learning this half term will be around ‘Continents, countries and Oceans’. Focusing on physical geography, we will begin by focusing our geographical enquiries on map work and then consider the importance of the climates and time zones around the world.

Physical Education

PE will be taught weekly by Mr Tyas, who will focus on a range of outdoor team sports such as Football and Basketball.

Please remember to bring both indoor and outdoor PE kits every day.

The Y4 children in class 6 will be swimming for 12 weeks from Monday 10th December to 3rd December.

Y4 children in class 7 will be swimming from Wednesday 5th December to the 25th March.

Year 3/4

Autumn Term Plan Mission Statement

Roughwood Primary School
‘Where a love of learning grows’

Dear Parents/ Carers,

During the Autumn Term, Year 3/4 are going to be ‘Going Green’ by looking at recycling and how pollution is changing our world. We will be focusing on the book, ‘Floodland’, by Marcus Sedgwick.

We have planned an ‘Eco-Warriors’ session with ‘Pop’s Outdoor Adventure’. We will focus on the rules and routines of the junior school and are all excited for a fun-filled term.

Please support your child by reading 5 times a week at home and recording this in home school diary, and encouraging them to attend the home work club at lunchtimes if they don’t have access to a computer.

Yours sincerely

Mrs Raison and Miss Woodward (Class 7 and Class 6 teachers)

Literacy

This term, we are going to be fully immersed in 'Floodland' as our class book. We will use lots of drama and imagination to write a range of descriptions, discussions on pollution, persuasive writing for recycling equipments, instructions and poetry.

Numeracy

The four operations and new written strategies will be introduced. We will also look at place value

Science

Two areas of the science curriculum will be covered over the term, these are the water cycle/states of matter and Electricity.

ICT/ Computing

We would like to use ICT in a range of ways, exploring programming and control using programmes such as 'Scratch' and 'Blockly mazes.' We will then use ICT to develop children's internet safety and their use of Google Drive as a tool for sharing learning.

Design Technology/ Art

We will be focusing our design technology around STEM learning this term, designing our own bag for life from recycled resources. We will also be looking at art work from Claude Monet, Degas and Renoir.

RE

Our studies in Religious Education will be based around the Christian and Hindu faiths this term.

Music

Mrs Mellor will be returning to teach trumpets to the Year 4 children in classes 6 & 7 on a Tuesday afternoon.
